A HUMAN LIFE SAVED!

Downglac, Mich., March 11, 1856.

J. A. HHODES, Esq.: Dear Sir—As I took your medicine to soil on censignment, "no cure no pay." I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have received:

W. S. Connain told me—if I had taken nine bottles of Christic's Ague Balsam, and continually run down white using it, until my lungs and liver were Congested to that degree that blood discharged from my mouth and bowels, so that all thought it muosable for me for the following the same ground another chill. The doctors, too, did all they could for me, but thought it muotable for me for my solid and bowels, and the state of the following the same ground and the same and pain in my head and bowels, and pain in my head and bowels, and produced a permanent cure in a short time."

M. Connain says: "I had been taking medicine of "soid a doctor as we have in our county, and take my soid a doctor as we have in our county, and take or result, from "and pain in my brother, it got a bottle of result, from "and pain in my brother, it got a bottle of result, from "and pain in my brother, it got a bottle of result, from "and pain in my brother, it got a bottle of result, from "and the cure by "as by brother's got a bottle."

RHODES' EEVA. The above speaks for itself. Goed proof as it is, it of so better tener than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me.

One thing more. Last year I had occasion to caution the Public in these words:—

"I notice one firm who have taken one of my general circulars, substituted the name of their nostrum for my medicine, and them with brazen impudence end their pamphlet with the exclamation, 'Let the proprietors of any other medicine say as much ifhe dare,' "I de.

Now I take pleasure in saying that the caution referred to the same "Dr. Christic's Lame Balsam " that is mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trask all that i gubths about my Fever and Ague Cure, or Antidote to Maiaria, except the Certificates of Unres, and the Certificate of the celebrated chemist, D. James R. Chillon, of N. Y., in favor of its portedly HARMLESS CHARACTER, which is attached to every bottle. Those will always serve to distinguish my medicine from initiations.

### Editorial Correspondence. CINCINNATI, June 1, 1856.

EDITORS SENTINEL :- Events since yesterday have changed the condition of political matters very much. The Indiana Delega-BUCHAMAN. Nothing can prevent this consummation. This state of affairs has deranged the calculations of the wise ones, who thought they understood all the possible phrases of the issue. The influence of Indiava is deeply felt, and brightens the prospects for Bucha NAN so much that his friends feel very sanguine, and it is equally disheartening to the friends of other candidates. The belief now is that the friends of Mr. DougLAS will not present his name to the Convention.

No other peculiar changes have shown themselves. Louisiana stands 2 PIERCE-6 BUCHANAN. It is not quite certain where Illinois may go in the event of Douglas' withdrawal, but is surmised, that she too, will go for Buchanan.

Shocking Murder, Seven Persons Butcheted and Burnt in

ST. JOSEPH, May 22. Last night one of the most diabolical and terrible murders occurred within four miles of this city that has ever shocked a commu-

On either side of the window, with their feet towards the doors, had stood the beds in which the family slept. From where the beds stood, egress was easy and convenient through the windows and doors.

The character which Mrs. Pore sustains as an actress, is a sufficient guaranty that all the interest which belongs to that beautiful play, will be fully brought out. Last night she played Romeo to Mrs. Varca's Juliet, before a large audience, and was greeted with evident marks of spoprobation. Medicated Inhalation.

DR. J. N. GREEN

Hed an Infirmary for the treatment of Diseases of the Throat and Lungs, by Medicated Infalantion, lately brought into practice in the Brompton Hospital of London, where it was practiced by as celebrated Physicians as the world can boast of, with astonishing success, as over four-fiths of the patients were permanently cared. This system is founded on the common sense principle of treating the disease and not its effects. The medicine, in the form of vapor, is applied directly to the soat of the disease, leaving the stomach free to aid it restoring health by furnishing to it a healthy, life-giving food. The common but absurd practice of treating the age of the Lungs, through the medium of the stomach demonstrates its injudiciousness as well as a universal failure can. We eurnestly appeal to those afflicted with lung diseases to embrace the advantages of Inhalation and no longer drug the unoffending stomach.

Those living at a distance, by writing to us their symptoms, age, sex, heraditary predispositions, d.e., can have an inhalter and medicine sent to any point they may or der.
